

"Becoming a Love and Logic Parent" A Workshop for Parents and Caregivers

When: Tuesdays, starting October 4, 2005 – through November 15, 2005 (seven consecutive Tuesdays)

Where: LeRoy Elementary School

Time: 6:00 p.m. to 8:00 p.m.

What is Love and Logic?

Love and Logic is a seven week program that assists parents/caregivers in raising responsible children. It provides parents with alternative approaches to discipline that cultivate confidence and good decision making in children.

Following the completion of the program, parents/caregivers will be awarded \$10.00 per session as long as 5 out of 7 sessions are attended. This is to help defray the costs of daycare and traveling expenses.

If interested contact LeRoy Elementary School to register or you may return the RSVP at the bottom of the page to the secretaries at the school. Please RSVP by 9/30/2005 so a seat can be reserved in your name. Space is limited to no more than 20 participants.

I _____ would like to attend the Love and Logic workshop at LeRoy Elementary School.
