

### FUNCTIONAL BEHAVIOR ANALYSIS

<b>Target Behavior</b> <i>Measurable and Observable Actions</i>	<b>Setting</b>	<b>Antecedent</b>	<b>Consequence</b>	<b>Communicative Intent</b>	<b>Modification and/ or Intervention</b>
Describe in terms of intensity, frequency or duration  <i>How often, degree of strength, force, energy or feeling, and how long</i>	Where does the behavior occur?  <i>Place, time, persons involved, and other variables</i>	What precedes the behavior?  <i>Environmental variables and/ or external factors</i>	What is the observed response to the behavior?	What appears to be the purpose of the behavior?	What modifications and/ or interventions have been attempted to address behavior?  <i>Indicate time frames</i>
